

Service Bulletin

Date: July 28, 2011

Subject: Model 72-12 Battery Assembly, MSHA Approval 7C-98001-0

Equipment: RM7200 Personnel Carrier

Following an inspection, it has been found that there are Model 72-12 Battery Assemblies in service with bolt on connectors being used to connect terminals between batteries. This is not permitted on permissible equipment as specified in 30 CFR 7.44(h)(i).

If you currently have an RM7200 Personnel Carrier in service with a battery assembly using bolt on connectors, please contact your A. L. Lee Sales Representative or the Electrical Engineering Dept. at (304) 934-5361 at your earliest convenience.

This does not pose any immediate danger.
